Management: The Horse Show Management reserves the right to itself to interpret all questions and conditions in regard to or arising out of or incident to the show without claims for damages or recourse of any kind. All Questions not covered in these rules and regulations shall be decided by the Horse Show Management and their decision is final. The Horse Show Management reserves to itself the right to refuse, accept conditionally, or to cancel any entries, disqualify riders or exhibitors, prohibit claim damages; to change any course, to cancel or combine any unfilled classes, or to reschedule classes, after due notice to exhibitors; to change rings or rotate judges, and to change specifications in jumper classes.

It is the responsibility of owners, exhibitors and their agents to respect the RMVRP Facility. Visitors will be charged for any damage to their stalls, buildings and other properties on the show grounds. Employees have the authority to monitor and oversee the area. **Exhibitors, horses, dogs, golf carts and bikes are not allowed on any grass field.**

Assumption of Risk: By signing the entry blank, the Owner, Parent, Guardian, Lessee, Trainer, Manager, Agent, Coach, Driver, Rider, Handler, Vaultor or Longeur acknowledges that horseback riding, particularly jumping, is a dangerous activity and involves inherent risks that may cause serious injury and in some cases death because of the unpredictable nature and irrational behavior of horses, regardless of their training and past performance and expressly assumes all such inherent risks whether identified here-in, in the entry blank or in the Federation Rules and Regulations. A horse without warning or any apparent cause can buck, stumble, fall, rear, bite, kick, run, make unpredictable movements, spook, jump obstacles, step on a person's foot or push a person-all of which may cause the rider or observer to fall or be jolted, resulting in serious injury or death. A horse may also become loose and cause injury to an observer or rider or to another horse-a loose horse can run at a full gallop in a panic and run into objects or persons or other horses. The Show Ground Facilities are bordered by highways/roads and thus noise from traffic and other sources occurs that can and will cause a horse to unexpectedly spook or react quickly. The Show Ground Facilities contain roads and drive-ways that are traversed by cars, golf carts, tractors, trailers and heavy equipment all of which may spook a horse. The above warnings and risks are meant as an example of some of the risks that are inherent and may be encountered, but it is agreed this is not an exhaustive list and there are numerous additional conditions and/or events that may result in injuries while participating in the Competition and/or present on the Show Ground Facilities.

Minor exhibitors; Parents or Guardians of minor exhibitors shall hold RMVRP and the Orange County Horse Show Association, Inc. harmless for injury to such minor. No child's entry will be accepted unless a parent or guardian signs the entry blank.

Exhibitors are responsible for entering only in classes for which they are eligible and for observing all cross entry restrictions. The show office is not responsible for checking class entries. In the event that an exhibitor enters and receives an award in a class for which they were ineligible, the award must be returned for redistribution. Applicable class fees will still apply.

Judges' decisions are final and are not subject to protest.

Once a class has commenced, it will be run and prizes will be awarded based upon the decision of the judges. In the event of a protest, awards may be subject to later redistribution.

Protests of horse/rider eligibility or concerning the application of rules at this horse show must be made in writing (form available in the Horse Show Office.) The completed Protest Form, along with a \$100 protest fee made payable to OCHSA should be submitted to the Show Technical Delegate, Robin Serfass. Where OCHSA rules do not apply, rules of USEF may be used.

Verbal protests cannot be considered. Protests must be made prior to the conclusion of the show. The Protest Committee shall consist of the Technical Delegate, the Show Manager and an OCHSA representative. The Protest Committee shall issue a ruling on the protest. If the protest is upheld, the protest fee will be refunded.

The Horse Show Office will be open from 7:00 am on show days and close 30 minutes after the last class finishes. Entries for the following day must be made by 5:00 pm, the day before.

Wishing riders the best of luck at
OCHSA Championships.

Ride: Riders will jump a course of 7-9 fences timed under table III and proceed to exit the arena. A rail down will add 4 seconds to the time. The first stop is penalized automatically by the extra time taken and 2 stops will eliminate a rider and they will be unable to proceed.

Bike: Bikers will proceed through an obstacle course consisting of cones when the rider goes through the ending timers. A tennis ball will top each cone. Dropping a tennis ball from a cone will add 2 seconds to the time. A dislodged cone will add 4 seconds.

The fastest over all time combinations and the fewest faults of the rider jumping a course, and the biker biking the course, will be declared the winner.

***The winner of the Ride & Bike will WIN the E-bike!**

510/511. Interactive Mortgage Tommy Gallagher .80m- 1.0m Gambler's Choice

Class 510 is the .80m and class 511 is the 1.0m division. Riders may not enter jumper classes under .90m at the Championship show. The horse & rider combinations may enter only one Gambler's Choice Class. Class 510 and 511 are open to Junior, Amateur and Professional riders. A course of multiple jumps are set. Each obstacle carries from 10 to 120 points according to its difficulty. Combination obstacles are not allowed. The obstacles must be built so that they can be jumped both directions. The rider is credited with the number of points carried by each obstacle that they have jumped correctly. No points are awarded for an obstacle knocked down. Each rider has 45 seconds (minimum) to 90 seconds (maximum). During this time, they may jump all obstacles of choice in any order and in any direction. The rider may cross the starting line and finishing line in either direction. Each obstacle may be jumped twice. The buzzer declares the end of the round. The rider must then cross the finish line in one direction or the other to allow their time to be recorded. If the rider does not cross the finish line, they are placed behind the last of the competitors with the same number of points. If the fixed time is reached at the moment when the horse is already taking off, this obstacle counts if it is correctly jumped. Any obstacle knocked down during a round will not be rebuilt and should not be jumped again. The rider who has obtained the highest number of points will be declared the winner. In the event of equality of points, the fastest time taken between the starting line and the finish line will decide. An obstacle will be provided and marked "Joker". 200 points are awarded for this obstacle, but if knocked down, 200 points must be deducted from the total points obtained.

The rider is required to jump the joker jump within 20 seconds after the fixed time has expired and after the rider has crossed the finish line -- only one attempt.
